# **TIPS and IMPORTANT INFORMATION**

## **Send Certified Test Scores**

Like colleges, senators have test score mailing codes for your convenience. Please make sure to use these codes to send a certified copy of your SAT or ACT scores along with certified copies of school transcripts.

**SAT code: 4468    ACT code: 7123**

## **Contact the Academies Early:**

It is very important to contact the academies early so medical tests may be scheduled and completed. On occasion a medical waiver may be required and because the process is lengthy, you want to ensure yourself enough time to complete the process before it costs you acceptance into an academy.

## **Residency Requirements:**

When seeking an academy nomination from your Senators or Representatives, **you may not apply in more than one state.**

Apply within the state that is your legal residence. Out of state students must use their parents' legal residence as their own. If you are a student in Idaho but your parents' legal residence is in another state, you must request a nomination from the Congressional representatives in your parents' state. Listed below are key questions that determine residency for you and your parents:

In which state do your parents pay taxes?

In which state are your parents' cars registered?

In which state do your parents vote?

**You may request a nomination in Idaho if your father or mother is a legal resident of another state yet your other parent works in Idaho and is able to answer yes to the above questions.**

**If you are applying from out of state, please provide proof you meet the residency requirements.**
